

**DOGS VICTORIA  
TRACKING TRIALS  
JUDGES TRAINING SCHEME**

**This is the Dogs Victoria Training Scheme for 2021/2022 for judges of Tracking Trials. It is based on the ANKC National minimum standards adopted in March 2018**

## **1. OVERVIEW**

- 1.1. Australian National Kennel Council Ltd (ANKC) Member Bodies will be responsible for the Training, Testing, Assessment and Maintenance of Judging licences. Accordingly, in the State of Victoria, these matters are the responsibility of Dogs Victoria and in this document the term “ANKC Member Body” generally means Dogs Victoria.
- 1.2. Dogs Victoria will assess Tracking Judges sequentially or concurrently, in the following order
  1. Tracking Dog
  2. Tracking Dog Excellent
  3. Tracking Champion
- 1.3. Dogs Victoria requires all trainees to pass a written examination prior to attempting a practical assessment for each class. The written examination is based on ANKC Rules pertaining to the class/discipline being aspired to; as well as relevant Dogs Victoria Regulations and general requirements of the Rule Book for the Conduct of Tracking Trials.
- 1.4. If an ANKC Member Body requires a higher standard than the ANKC Minimum Standards, the ANKC Member Body's Regulation/s will take precedence over the ANKC Minimum Standard/s.

## **2. APPLICATION**

- 2.1 All applications for Tracking Judges Courses must be made on the required application form by the date specified by Dogs Victoria. All requirements for specific classes/disciplines must be fulfilled prior to the applicant undertaking Written Examination and Practical Assessment. Dogs Victoria has the right to seek verification of any information provided by the applicant.  
All applications/expressions of interest by Dogs Victoria members for Tracking Licences must be made on the required application form prior to 31<sup>st</sup> December each year. Completed applications including evidence that the relevant training, judging (where applicable), and stewarding requirements have been fulfilled, must be submitted to Dogs Victoria by 1<sup>st</sup> May of the following year. Where special circumstances occur, the OTEC has the right to allow otherwise eligible trainees to enter the scheme at an alternative date.

A log book will be maintained to record achievement of goals by each trainee, e.g. details of relevant training, including training and assessment forms, signed by the trainers, attendance at lectures, written and practical assessment results.

With the exception of training and handling a dog, all prerequisites must be completed within twelve (12) months prior to the Written Examination.

The prerequisites for training and handling a dog have no specific time limitations.

Requirements used to fulfil a licence application can only be used once.

The onus is upon the applicant to provide evidence of having fulfilled the necessary criteria.

### **3. ELIGIBILITY**

#### **3.1 The Applicant must:**

- 3.1.1 Be a member of an ANKC Member Body for a period of not less than 5 years prior to the application and be a current financial member of Dogs Victoria;
- 3.1.2 Be over eighteen (18) years of age; and
- 3.1.3 Reside in the State of Victoria, unless special permission has been obtained. See 3.4

3.2 Trainees are expected to attend all lectures and practical training sessions, unless otherwise approved by Dogs Victoria. Trainees will also be required to educate themselves by studying the Rules for the Conduct of Tracking Trials. Non-attendance at required lectures will preclude application for a licence, unless a written apology acceptable to the Obedience Tracking and Endurance Committee (OTEC) is received within seven (7) days of the relevant lecture. If the apology is accepted, the Judges, Training and Assessment Co-Ordinator will make alternative arrangements for delivery of the lecture.

3.3. Dogs Victoria may approve applications received from members who do not meet the above criteria providing that they are permanent residents of Australia and can effectively demonstrate and produce documentation verifying their experience and qualifications to meet the above standards gained in a previous country of residence.

3.4 Subject to the agreement of both the trainee Judge and ANKC Member Bodies, a person may be approved to enrol in a Tracking Training Scheme conducted in a geographic location more convenient for that person.

3.5 The OTEC has provision for trainees who cannot attend a lecture, structured training, or written or practical assessment on the appointed date. Where there is a reason acceptable to the OTEC, other arrangements will be made for that trainee.

Alternatively, where a trainee has completed the required training to the satisfaction of their mentor, trainers and the Judges Training Co-ordinator, they may be assessed at an earlier date. This may not always be feasible, but such arrangements may be made where it is practicable.

## **7. WRITTEN EXAMINATION**

7.1 On request written papers maybe conducted orally.

Two Training Panel members appointed by OTEC are to be allocated to invigilate/supervise the written examination (they are not to mark any papers). At least one Panel member shall be in attendance at all times. In the case of an oral examination one invigilator shall be appointed.

7.2 The marking is to be undertaken by judges appointed by the OTEC Judges Training Panel who will mark examination papers independently. When marking any papers, no notations (comments, ticks, crosses etc.) will be made by the marker on the trainee's paper. It is preferable that the person who set the paper be one of the markers of that paper.

7.3 The examination papers must be marked by at least two and if necessary three examiners. A third marker will be required only where there is a divided decision. The trainee must receive a pass mark by the majority of the markers in order to achieve a pass.

7.4 Tracking examination papers shall comprise of;

7.4.1 Questions as set by Dogs Victoria for the relevant discipline and relevant Dogs Victoria Regulations.

7.5 The pass mark is a minimum of 80%.

7.6 Other than is necessary to answer the questions, examination papers are not to be marked in any way, (comments, ticks, crosses etc.) by the trainee.

7.7 All trainees are to be issued with a number. A list of numbers linking to the trainees is to be kept in a sealed envelope by one of the OTEC members at the Examination Centre until marking of all papers has been completed.

7.8 Trainees who have failed a Written examination may make a written request within 14 days of the advice of the results for their paper to be reviewed. A different panel of three markers appointed by the Judges Training Panel will, without conferring, separately remark the papers.

7.9 All questions with incorrect answers will be supplied to the trainee with the correct answers.

**Please note that the above regulations may change annually.**

**Dogs Victoria Regulations are available on the Dogs Victoria website; <https://dogsvictoria.org.au> or from the Dogs Victoria office on request. It is the trainees' responsibility to ensure that they are aware of the current Dogs Victoria regulations applicable to the relevant discipline.**

8.2.5 A majority of assessor's recommendations is required to pass.

8.3 Assessment sheets will be completed and submitted to Dogs Victoria for written notification to the trainee of their results.

## **9. RE – ASSESSMENT**

9.1 Trainees who fail the Practical Assessment may apply for re-assessment. Dogs Victoria is not obligated to automatically agree to a re-assessment and each case should be reviewed on its merits. Any reassessment should be held at a mutually agreed time not earlier than three months or later than six months following the original assessment. The Judges Training Panel must take into account the need for further practical training of the trainee and the availability of suitable handlers/dogs and facilities.

## **10. DRESS CODE**

10.1 While trainees need not comply strictly with a Dress Code at all their Practical Training Sessions leading up to their assessment, they should meet generally acceptable standards (i.e. neat, sensible clothes, appropriate footwear) when judging at 'non-sanctioned trials'. However, the Practical Assessment is a formal occasion and must be treated in the same manner as a sanctioned Tracking Trial. As such, the trainees must display an appropriate form of dress befitting an official at such an event and they will be marked accordingly.

## **11. FITNESS TO JUDGE**

11.1 ANKC Regulations Part 2, Point 1.3 states;

11.1.1 All Judges Application Forms, both new and renewal, shall contain the following declaration to be signed by the applicant:

I further accept that Dogs Victoria may refuse to grant any renewal of licence and may cancel or suspend for any period or vary in any way any licence already granted. Or may grant, in part only, an application for renewal of licence"

11.2 Should Dogs Victoria consider that either an applicant or a licensed judge is unable to meet 11.1.1, Dogs Victoria has the right to;

## PROCEDURE FOR PRACTICAL TRACKING JUDGES TRAINING

### Training and assessment panel appointment and tenure

Training and assessment panel members will be invited by the OTEC. The invitees will be licensed and experienced Tracking Judges who are both current and active in regard to judging at trials.

The tenure of a training and assessment panel member will be a minimum of three (3) years. Please note that a current serving member of the training and assessment panel will be eligible to be reinvited by the OTEC for a future tenure period. Panel members and the role they fulfil are integral to the success of the OTEC Judges training scheme.

Panel members should be available to all trainees for advice and training. By negotiation they may agree to mentor an individual trainee.

They should be available to attend structured workshops and if required the practical assessment.

Where training and assessment panel members are involved in an assessment panel where a review is required, they must make themselves available for that review, at a mutually agreed venue and time.

For the structured training workshops, each panel is to be comprised of at least two training and assessment panel members, one of which is from the OTEC.

*Training panel members may act as stewards and have involvement in group discussions.*

Assessment sheets will be available to each applicant, and it is their responsibility to supply the assessment sheets for use at the unstructured workshops.

The OTEC has instituted a **Mentor system** supported by **Class leaders** to assist in the training of judges for Tracking.

Each trainee will have a mentor from the training panel chosen by mutual agreement. That mentor will be expected to take a special interest in that trainee, and take a major role in developing their skills.

Mentors should be available for their trainees to offer advice and training. It is suggested that mentors provide trainees with a list of dates where they are contracted to judge and a list of dates where they will be available for training sessions. Trainees are in turn encouraged to make every attempt to attend trials where their mentor is judging so they can observe and ask questions as required. The mentor and the class leader should be the main source for advice. There has been some confusion at times when trainees have asked many different opinions and received different answers. There is always more than one interpretation to a problem and too many options can cause confusion especially with less experienced trainees.

**Leaders** have been appointed to take a lead role in each of the disciplines, i.e. Tracking.

The Leaders will be asked to prepare written notes and to lead the group at the two lectures, which would be held at the beginning and at the end of the training period each year. They are also encouraged to liaise with the mentors to provide continuity of advice and to assist in general training. One approach that worked well in recent years was an email question and answer exchange.

There will be one general lecture at a time to be advised, for all applicants. This lecture will advise on the training requirements for that year plus the glossary, rules and regulations

The second lecture will have a general component where the requirements for training will be reviewed, and will include a final revision prior to the assessments. The second lecture is optional but is strongly recommended, as a final revision is very useful especially in regard to questions and answers in the group situation.

## **PROCEDURE FOR TRACKING JUDGES PRACTICAL ASSESSMENT**

The following instructions are provided for the information of Trainees, Stewards and Assessment Panel members. It is intended that all officials and trainees be provided with a copy of these instructions prior to the day of the Assessment. The successful conduct and outcome of this Assessment is largely dependent on compliance with the following:

- It will be the responsibility of the appointed convenor to arrange the venue, dogs, handlers and stationery. Suitably qualified dogs are necessary to enable all candidates to be properly and fairly assessed.
- The assessment panel will comprise at least one member of the OTEC and licensed judges from the current Judges Training and Assessment panel appointed by the OTEC.
- The members of each panel, together with the stewards will be arranged by the convenor.
- The same panel will assess all trainees aspiring for a particular licence.
- Assessment times will be staggered if considered necessary.
- The stewards must be experienced for the class in which they will be required to assist, apart from their nominated duties; stewards must not become involved in the assessment proceedings.
- The assessors must not move around unnecessarily and shall position themselves so they can independently assess each dog and remain behind the dog and handler.
- While the necessity of brief discussion between the panel members for the purpose of clarification is understood, there must be no collaboration or unnecessary discussion between the panel members prior to their scores being recorded.
- Each assessor's score must be entered on an Assessment Sheet immediately the track is completed, prior to interviewing the trainee. Should an alteration to the assessor's score be necessary because of circumstances unknown at the time of its recording, the amended score is to be initialled and the reasons for the alteration stated in the comments column.
- The candidate will record his/her points on a tracking running sheet, which must be signed.
- Two dogs are usually sufficient to assess each candidate. This does not preclude additional dog/s being given to a candidate to judge should circumstances warrant.
- At the completion of the assessments, the assessors shall not confer. Each assessor will individually make a recommendation as to whether the trainee has passed or failed. The Assessment Sheet is then completed and handed to the convenor.
- Alterations to assessment sheets must include time, date and signature.
- Trainees will not be advised of the outcome of the assessment on the day.
- The convenor is responsible to notify the Controlling Body of the results.
- The Controlling Body will promptly advise the trainees and all results must remain confidential until such time as all trainees have been notified.
- The necessity to question trainees with regard to the awarded gradings is appreciated.
- However, panel members must understand that prolonged and intimidatory questioning and particularly "what if" situations are inappropriate and must not be carried out under any circumstances. Stress on the trainee must be minimised, and the dog and handler should be able to complete the track without unnecessary delay.

Unsuccessful candidates may request a review of their Practical Assessment, subject to meeting the published criteria. Panel Members should be available to attend review interviews on an "as required" basis. Outside of the interview process, the assessments and their results must not be discussed by the Panel Members.
