**Competitors:** To ensure the efficient running of each ring - and to help get you all home at a respectable time - we ask:

- You are ready to enter the assembly area when the steward calls your number. This includes having your dog, equipment, handler friend (or dog crate) at the ready.
- If you are working with multiple dogs and there is a clash in another ring, please speak to the Assembly Steward beforehand so we can keep the rings flowing and you do not miss your test.
- There will be a floating Assistant Handler provided by the club. They will hold your dog while you set up / pack up props if you do not have a friend available to help you. Assistant Handlers will be wearing high viz jackets. If you wish to have their support, please introduce yourself and your dog when it is your turn to enter the assembly area. They are very friendly and experienced dog handlers.
- The club will provide an Agility Jump and Rally Jump at each ring.

**Note from the Trial Secretary:**

*On behalf of the committee and members of the EGDOC - welcome to our Triple Tricks Test. We hope you have a wonderful day with your dog and enjoy the company of your fellow competitors.*

*My sincere thanks to the committee, members and to their family and friends for supporting this trial. Your commitment, generosity, and teamwork are valued and contribute so much to making EGDOC a great club.*

## East Gippsland Dog Obedience Club

Access to the Velodrome is from Inglis Street. If you are towing a van please take a look before driving in. No unauthorised parking near the club rooms. No overnight camping allowed. If it has been raining it can be muddy.

**The Trial Precinct area includes the velodrome, club room area and top pathway around the Velodrome. Unless competing, dogs must remain on lead at all times in these areas.**

Competitors can set gazebos up on the grounds of the Velodrome.

If you would like to give your dog some space, the easement opposite Inglis St and Coverdale Drive is excellent and is not in a designated Council On-Lead Area.
